

# Instructions for using the CMT conference submission system

## Login to:

<https://cmt3.research.microsoft.com/aarse2018>

Upon accessing the link to the CMT system for the first time, you will have to create an account in the system. If you have not used the CMT system for any other conference, you will have to click on “**Create New Account**” and fill in a form with your data (mandatory fields are: new user name and password, name and surname(s) and organization, and you will also have to write a random text prompted to you by the webpage). After accepting the system’s terms and conditions (by clicking on the checkbox at the bottom), you will be able to ‘Register’ and create a new account.

If you did register with CMT, but you do not remember your keyword, you can reset your password by clicking on the ‘**Reset Password**’ link on the access page. The system will ask for the e-mail address you used to register and a random code prompted on an image. After entering both values, an email will be sent to your address with a link to reset your password and access the system.

Once registered, you can click again on our link or search our conference under “All Conferences” by simply using “translation” to find us (the filter box where you can introduce the keyword

is at the top right corner). If the filter does not work with your browser, please use the search function (ctrl + F) and look for "translation".

Search using All conference's then select **12<sup>th</sup> International Conference of the African Association of Remote Sensing and the Environment**

Name	Start Date	Location	External URL
Advanced ICT and IoT technologies for the fourth Industrial Revolution	8/16/2017	Saipan, United States	http://iccca-conference.org/2017/index_2017.htm
1st International Joint Meeting on IFMBE & IFUA	7/14/2016	Osaka, Japan	http://www.aifib.org

11th Global Symposium on Millimeter Waves (GSMW) 2016	5/22/2016	Boulder, USA	

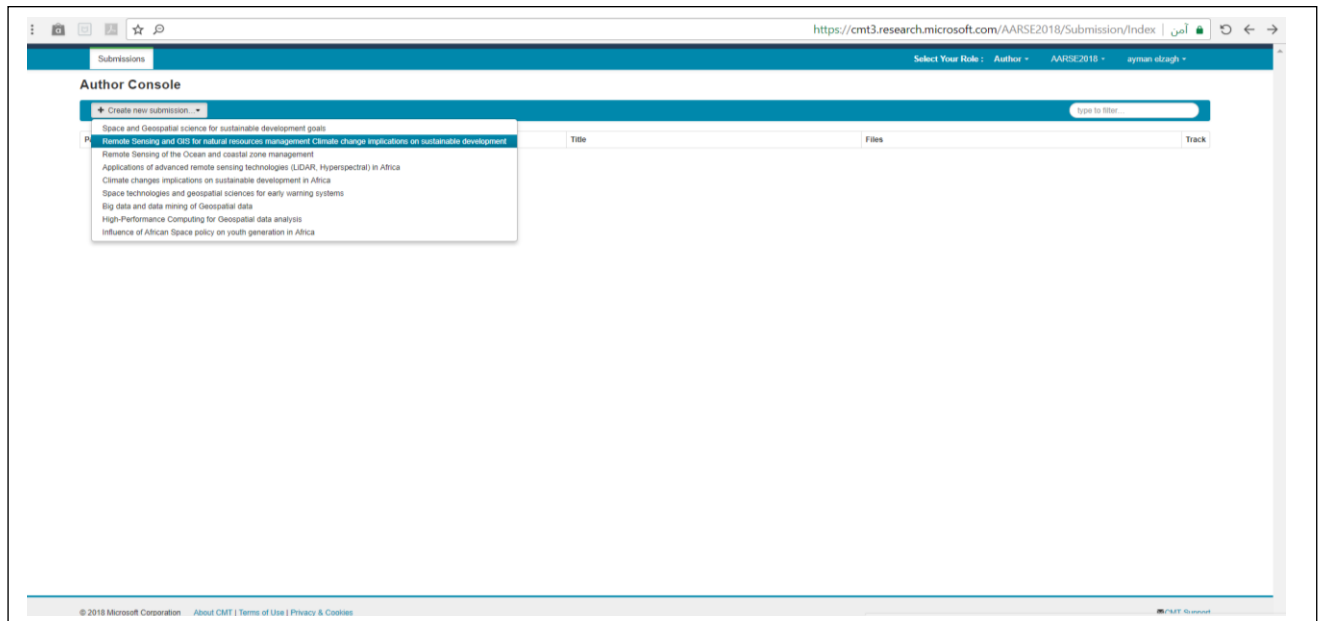

then

Paper ID	Title	Files	Track
----------	-------	-------	-------

Click on “Create New Submission” to send us your abstract. In this form, you will have to provide:

First select your track then

The **title** of your proposal.

1. An **abstract** in either English or French. This abstract will be used by our Scientific Committee to evaluate your contribution.
2. **Name** of author or authors. Your name, as user of the system, will be selected by default. Please add any other authors when relevant.
3. **Area** or areas under which your proposal would fall. Please select only one primary area (the focus of your study) and as many secondary areas as you may need.
4. Any eventual **files** you may want to send us. You do not need to use this field, as your proposal may be submitted with no additional file.
5. (8 on the CMT webpage) Do you want other participants and attendees to find your **contact** details in the contact list? This will be distributed at the beginning of the conference.

The screenshot shows the 'Create New Submission' form. It is titled 'Track: Remote Sensing of the Ocean and coastal zone management'. The form has several sections: 'TITLE AND ABSTRACT' with a 'Title' input field and a larger 'Abstract' text area; 'AUTHORS' with a table for listing authors and an 'Add' button; and 'FILES' with a dashed box for file uploads and an 'Upload from Computer' button. At the bottom, there are 'Submit' and 'Cancel' buttons. The footer includes copyright information for 2018 Microsoft Corporation.

After filling in all relevant details, you may click on ‘Submit’ to introduce your proposal in the system.
